

OPEN SEASON

## VIKING 52 OPEN

White marlin, sails, yellowfin tuna, whatever your mission, it's always open season aboard the Viking 52. The tournament-equipped cockpit is 148 square feet of business with Viking's exclusive mezzanine deck, featuring enough stowage to empty a tackle shop.

The bridge deck boasts fish-catching visibility from its three Murray Products pedestal seats with teak ladder backs, an L-shaped lounge to port and a molded fiberglass console to starboard with a refrigerator and more stowage.

Below, two plush staterooms, each with a head and shower, a posh salon and spectacular galley create a most satisfying retreat after a long day working the edge.

All this, plus Viking's unmatched 42-year reputation for excellence in design, performance and customer service.

Contact your Viking dealer today for a sea trial. The fish are waiting for you. Also available in a Sport Yacht edition with hard back and sides.
